TIBCO™ TERR

Extending the Reach of the R Language to the Enterprise

- Enterprise-class alternative runtime for the R language

- Faster, more memory-efficient than any other R interpreter

- Deploy and embed R language scripts without recoding and retesting

- Natively apply R in Business Intelligence and Real Time Applications

- TIBCO Analytics include S+, Spotfire and Jaspersoft BI
- Sponsors of useR since 2009
- Free version of TERR available at tap.tibco.com
- Contributed packages to CRAN (from S+ and TERR)
- Founding member of new R Consortium
